SHARE INSTEAD HOUSING CO-OP

Share Instead is looking for new members to join our 5-person co-op. Our supportive community shares a large and cosy home in Sheffield, which we manage co-operatively.

We are a member of the Radical Routes network and aim to create a place where we can live securely, affordably and gently, working for social change. We need new members keen to learn and share skills while helping with the development of the co-op over at least a couple of years. (Sorry, our limited space means we cannot accommodate children).
