Principle 5 Library Special

The Principle 5 Library has acquired a large collection of co-operative books which will support the study of the Co-operative Movement. We now have a better co-operative library than we could ever have dreamed of. These have been integrated into our existing library. Many of the gaps in our collection have now been filled. The books which have been added to the collection have been catalogued and the 'Lending Library' and 'Reference' spreadsheets have been amended:

Of course this means that we have to dispose of some books not specifically relevant to our purpose. These will be available for sale or donation on the Principle 5 table at the Sheffield Radical Book Fair, Saturday 9th March at the Trades and Labour Club. This is an opportunity to find many interesting books, and chat to the Principle 5 Committee. We hope as many members as possible will be able to attend.
